

## **Instructions for SE Hackathon**

### **Problem statements -**

- Problem statements will be released at 7pm on 5th December.
- Team leaders are required to fill out the Problem Statement selection form that will be sent out.
- Teams are not allowed to change their problem statement once chosen.
- Teams are at liberty to choose if they wish to make a website/application.
- Innovative solutions will be appreciated.

### **Mentors -**

- There will be 2 mentor rounds (1 pm - 4 pm and 9 pm - 12 am). Each round will have 5 mentors.
- 2 mentor tables will be present.
- A meeting schedule for the first mentor session with each team will be shared soon.
- For the second mentor session, the teams can request for a session if they require one. To request for a session, the team leaders can drop a text on the Whatsapp group.

### **Judging round -**

- Participants are expected to have a presentation ready.
- The judges can ask for a demo / look at the code.
- The time allotted per team is 15 min.
- The judging round schedule will be announced on the day of the event.
- Plagiarism will be checked.

### **Airmeet -**

Airmeet will be the platform where the hackathon will be hosted.

- Please watch this video to familiarize yourself with the platform - Airmeet
